Very useful session thank you :)		
Very informative and organised but only as I left my mother child's year group meeting to get to this one on time		
Good mix of curriculum and day to day practicalities

Appreciate the light touch and understanding of real family life with 2 working parents from both teachers		
I now have a good idea of the topics Y3 will cover throughout the year. However, it would be very helpful if parents could be informed when a new topic is started. For example, the teachers mentioned that right now in maths they are doing addition and subtraction, which is great because we can practise that at home. However, I won't know when they move on to the next topic and subsequent topics. It would be good if the parents could be informed when new topics are started. Not just in maths but in all areas. For example, you might do speech marks one week, so it would be good to know the week before so they can be practised. The evening was very informative, useful and well presented. I really appreciate the teachers taking the time to go through the various topics of study.		
Well lead meeting, thanks		
Very good evening and good to meet the Y4 team. One thing that would have been good was to know a little bit about the topics this year but that is not a criticism as many other things were covered during the meeting. Please thank Mrs Neal and Mrs Inglis for their time.		
Helpful and informative evening - thank you.		
The meeting was very well structured filled with all the information that will help improve my child's skills and prepare for any future challenges. All credit to Miss Smith and her team. Thank you.		
Really useful time. Well delivered v clear and concise.		
Missed my daughter's curriculum due to over running from Yr 2 (which can't be helped as so much to get through) would perhaps an hour for each session be more suitable? Great talk though :) Thanks		
Very informative, thank you.

A very professional, informative and well run evening, thank you
