Phonics

Daily sessions using Read Write Inc, your child will then receive books to practise at home that contain the sounds learnt that week. There will also be a focus on the reading of real and non real words.

Activities include;

- partner work
- speed sounds, word and sentence generation
- **Special friend, Fred Talk, read the word.**

Reading with your child - how you can help.

- Read with your child each night and use phonic 'blending' strategies to decode unfamiliar words. Eg m/i/l/k or sh/ee/p. We call this Fred Talk. Once the children have decoded the words in a sentence it is good practise to reread the sentence for fluency.
- We will be reading with your child every day during our phonic sessions.

Reading with your child - Active read

We have a specific Active read lesson each week to teach the children reading skills.

- Prediction-what happens next
- Inference-read between the lines
- Language-new vocabulary and punctuation
- Sequencing-retelling the story and ordering key events

Examples of questions you could ask:

What do you think would happen if?

Why do you think they said that?

How were they feeling?

Was the dog feeling happy? Why?

These type of questions would be good to use at home too!
